

## Composition

Component	Concentration (mg/kg)
N	8400
P	11400
K	9200
C	146000
Fe	150
Mn	15
Cu	4
Zn	5
Amino Acids*	80000-120000

*\*Amino acids include Alanine, Arginine, Aspartic acid, Cysteine, Glutamic acid, Glycine, Histidine, Isoleucine, Leucine, Lysine, Methionine, Phenylalanine, Proline, Serine, Threonine, Tyrosine, Valine and Nicotinic acid.*

## Recommended Dilution

Soil Drench: 1:100

**NuFertilizer** is a general nutrient-rich, organic fertilizer derived from the fermentation of fresh sugarcane juice. The slurry is concentrated via evaporation to preserve its nutrient content and improve bioavailability of its constituents, providing your plants and soil with essential minerals and amino acids for healthy growth. Ideal for all types of plants, our fertilizer promotes robust growth and enhances soil fertility. Experience the power of nature with our pure, eco-friendly fertilizer.
